Students are considered graduates if they earned a degree within 150 percent of the normal time for completion or graduation from their program for cohorts where the end of this period occurred in the 12-month period ending August 31, 2019. Cohorts are based on the rules for inclusion into the IPEDS Fall Enrollment survey. Also, students may be excluded from the cohort after they are included for reasons of death; permanent disability; and other service in the Armed Forces, an official church mission, or a Federal Government foreign aid service (this allowance affected 1 student who would have otherwise been included above).

Empty cells in the tables above represent subgroups with no cohort members. Cells with asterisks represent subgroups that are too small to disclose or report with confidence and confidentiality.

Bryant & Stratton College Graduation Rate within 150% Normal Time to Completion

Diploma Students (normal time to completion = 1.5 years)

Too few students who enrolled at Bryant & Stratton College in our 2nd Spring 2017 or Fall 2017 Term in one of our three-term Diploma programs were full-time first-time students to be able to report results with confidence and confidentiality.

Nursing Degree Students (normal time to completion = 2.5 years)

Too few students who enrolled at Bryant & Stratton College in our 2nd Spring 2015 or Fall 2015 Term in our Nursing Associate Degree program were full-time first-time students to be able to report results with confidence and confidentiality.

Bachelor's Degree Students (normal time to completion = 4 years)

This chart provides the 150% graduation rates of full-time first-time students who enrolled at Bryant & Stratton College in our 2nd Spring 2013 or Fall 2013 Term in one of our Bachelor's Degree programs. The information in the chart represents 3% of the students in the overall cohort.
