Students are considered graduates if they earned a degree within 150 percent of the normal time for completion or graduation from their program for cohorts where the end of this period occurred in the 12-month period ending August 31, 2022. Cohorts are based on the rules for inclusion into the IPEDS Fall Enrollment survey. Also, students may be excluded from the cohort after they are included for reasons of death; permanent disability; and other service in the Armed Forces, an official church mission, or a Federal Government foreign aid service (this allowance affected 2 students who would have otherwise been included above). Empty cells in the tables above represent subgroups with no cohort members. Cells with asterisks represent subgroups that are too small to disclose or report with confidence and confidentiality.

Bryant & Stratton College Graduation Rate within 150% Normal Time to Completion

Diploma Students (normal time to completion = 1 year)

Too few students who enrolled at Bryant & Stratton College in our 2nd Spring 2020 or Fall 2020 Term in one of our two-term Diploma programs were full-time first-time students to be able to report results with confidence and confidentiality.

Diploma Students (normal time to completion = 1.5 years)

This chart provides the 150% graduation rates of full-time first-time students who enrolled at Bryant & Stratton College in our 2nd Spring 2019 or Fall 2019 Term in one of our three-term Diploma programs. The information in the chart represents 24% of the students in the overall cohort.
